

Compulsive Acts (Essential Writers Series)

Compulsive Acts explores the films, plays and personality of prolific playwright, novelist, filmmaker and poet Sky Gilbert through the eyes of a handful of the people who have observed his work closely over the past two decades -- as audience members and arts workers. Actors, academics, performance artists, journalists, filmmakers, playwrights, poets and his partner of many years tackle his immense output with a queer eye for the intricacies of a unique and astute aesthetic vision -- a vision that has placed him securely within Canadian Theatre history as an iconic and consistently provocative dramatic force to be reckoned with.
