

Echo of the High Kings: Eoriel Saga Volume 1

In Eoriel, the High Kings are legend: rulers who once stood against the darkness and ruled the world for two thousand turns of peace and prosperity. In the long turns since their fall during the Sundering, Eoriels civilization has faded. Dark men and darker beings have torn down and destroyed the old works. While some have held out against the grind of history, other places have been reduced to primitive tribes of savages, worshiping dark spirits and demons as their gods. Yet, a spark of hope remains: some still believe in the old legends, some still fight to restore the old ways, and some will stand against the darkness, in an echo of the High Kings.
