

Gathering the Bones

A Chilling new anthology of all-original tales of horror. Includes New Stories by: Ray Bradbury, Graham Joyce, Peter Crowther, Kim Newman, Sara Douglass, Thomas Tessier, M. John Harrison, Gahan Wilson. The anthology market these days is awash with small, themed works focused on very specific markets, like vampire erotica and tales of werewolves, or it features best of the year reprints. It has been years since anyone has dared to bring out a broad-reaching anthology that seeks to define the current state of the genre with all original tales from both masters and hot new writers.
