How can he control the fear? Aisha, a Lebanese girl, huddles in the corner of a secret medical facility, warding off the demons that visit her dreams each night. Is there ever redemption in this world? In a remote forest a vast array of satellite dishes suddenly come to life, pointing toward the sky. What is their target? Chicago prosecutor Jack O'Neill and Kauai police detective Keialani Keno chase a serial killer across the globe, the victims never seeing the cause of their quiet death as their minds and eyes turn to blood. Why are they marked with the symbols? Parisian Inspector Henri Garneau looks down from the windows of a luxury hotel and sees the people below lost in a world of increasing chaos, the earth in distress. What is the meaning of the white star in their dreams? And above it all, like a hawk circling over prey, is the most lethal serial killer the world has ever seen, evolving into something unknown. What is he becoming? A Dark Perfection is a political suspense novel that evolves into a chase for a serial killer, twisting into a metaphysical thriller – a kaleidoscope of events winding to a startling conclusion.
