

Study Skills: Do I Really Need This Stuff? Plus NEW MyStudentSuccessLab 2012 Update -- Access Card Package (3rd Edition)

Immediately has the student address an age-old question, Why do I have to take this course?, through assessment of strengths and weaknesses and critically applying what is relevant to their situation.

Study Skills poses assessment of strengths and weaknesses allow students to self-identify what they already do well as a whole and what they need to improve, then take shorter assessments specific to the study skill topic of each chapter. Chapter opening situations are presented through crisply written problem based learning vignettes to engage in critical thinking and is referenced in key points to reinforce the R.E.D. model. Each chapter concludes with the reader asked to critically apply objectives and strategies and propose a plan for the student in the scenario, again problem based learning. Priority management is a key feature and distinct from time management, as well as Information literacy coverage including social media and how to write for social media - strong and timely.
